### REPURPOSE

Find new uses for items. Upcycle! Turn food waste into compost!

### REUSE

Buy items from local op shops or Community Swap events.

### REDUCE

Only buy what you need and choose quality over quantity. Support local business and reduce energy consumption.

## RETHINK YOUR WASTE

### REPAIR

Fix or upgrade your objects rather than throwing them away. Visit a Repair cafe to fix items

### REGIFT

Share, and be part of the gift economy. Join your local Buy Nothing group!

### REFUSE

Refuse plastic bags, over packaged items and remember - It's not a bargain if you don't need it!

### RECYCLE

Close the loop! Get your bins sorted, donate to op shops or charity/e-waste drop off days.

Be mindful of your consumption,  
relationship with 'things' and relationship  
with the Earth.
